Brijesh Kunwar

REACT DEVELOPER / FRONTEND DEVELOPER

Noida, India | +91 7830372716 | brijeshkunwar85@gmail.com | linkedin.com/in/brijeshkunwar85 | github.com/Darckie

Portfolio: darckie.github.io/portfolio

SUMMARY

Frontend Developer with 2+ years of experience building scalable, production-grade web applications using React.js and Next.js. Skilled in developing responsive user interfaces, managing complex application state with Redux and Zustand, and integrating REST APIs for smooth user experiences. Proficient in JavaScript (ES6+), TypeScript, Tailwind CSS, and modern UI libraries including Shadcn and MUI. Experienced in real-time, API-driven applications and responsive dashboards. Also contributes to backend development using Node.js, Express.js, and MySQL, enabling effective full-stack collaboration. Passionate about clean, maintainable code and AI integration in modern web applications.

EXPERIENCE

Technical Offerings & System Solutions Pvt Ltd — Oct 2023 – Present

React.js Developer

- Spearheaded development of 5+ dynamic dashboards and CRM tools using React.js, Redux, Node.js, and MySQL, reducing manual reporting time by ~40%
- Built and optimized RESTful APIs, cutting average API response time by 30% through query optimization and caching
- Designed a reusable component library of 30+ components using Redux, reducing new feature development time by 25%
- Collaborated on backend services using Node.js and Java, handling business logic, database operations, and API security
- Delivered data-driven, interactive UIs that improved user engagement and operational efficiency across platforms
- Contributed to code reviews, performance optimizations, and modular architecture to enhance long-term scalability

PROJECTS

Mortgage Auction Platform — Nov 2025 – Present

Frontend Developer · Next.js, TypeScript, React Query, NextAuth, Zustand *nandalanfinance.netlify.app*

- Built a multi-role real estate loan auction platform connecting Agents, Lenders, Brokers, and Borrowers across 4 distinct dashboards
- Implemented advanced data tables with sorting, filtering, pagination, and role-based access control for 100+ loan records
- Developed loan application workflows using React Hook Form, Zod validation, and Zustand, reducing form errors by ~35%
- Integrated secure authentication with NextAuth, JWT tokens, and CSRF protection; REST APIs via React Query and Axios

WhatsApp Chat Management Portal — Jan 2026 – Present

Fullstack Developer · React.js, Node.js, Gallabox API, Infobip API

- Developed a WhatsApp chat management platform enabling agents to handle 500+ daily customer conversations
- Implemented webhook-based real-time message ingestion and status tracking (sent, delivered, read) with secure endpoints
- Built agent portal with chat history, real-time conversation view, file attachments, and quick reply templates
- Created analytics dashboard tracking agent performance KPIs across 10+ metrics for team leads and admins

Maharashtra Cyber Complaints Portal — Aug 2023 – Jan 2024

Frontend Developer · React.js, REST APIs, Data Visualization *darckie.github.io/ComplaintPortal*

- Built a government-deployed cyber fraud complaint tracking system actively used by cyber cells across Maharashtra
- Enabled real-time monitoring of financial fraud, cybercrime, critical infrastructure, and cases involving women and children
- Designed interactive data visualization dashboards that helped analysts identify fraud patterns 50% faster

Clixxo – IoT Gateway Management Server Jun 2023 – Sep 2023

Fullstack Developer · Node.js, Express.js, REST APIs, RBAC

- Built a scalable backend platform using Express.js to manage and monitor IoT gateways, supporting 200+ devices
- Designed RESTful APIs for device configuration, logging, and communication with authentication and role-based access control
- Optimized API response time by 35% and improved system stability for large-scale IoT deployments

TECHNICAL SKILLS

Frontend	React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Shadcn UI, Material UI, Redux, Context API, Zustand, React Hook Form, Zod, Recharts, Styled-Components, Vite
Backend	Node.js, Express.js, Java, RESTful APIs, WebSocket, Socket.IO, JWT, Sequelize, Crypto.js
Database	MySQL, MongoDB
Tools	Git, GitHub, Postman, Axios, React Query, NextAuth, Webpack

EDUCATION

Master of Computer Applications (MCA) Aug 2021 – Jun 2023
H.N.B. Garhwal University (H.N.B.G.U), Srinagar **GPA: 7.5 / 10**

Bachelor of Science (BSc) Aug 2017 – Jun 2021
H.N.B. Garhwal University (H.N.B.G.U), Srinagar **GPA: 6.4 / 10**

Class XII **72%**
GIC Kansuwa

INTERESTS

Poetry, songwriting, sketching, and fingerstyle guitar. Enthusiast of physics and science with a curious mindset. Passionate about reading, kickboxing for discipline, and occasional video editing for creative expression.
